## Bisanto Carpet

ANTONIO ARICÒ

Carpet Adriano, by Antonio Aricò, is inspired by a mosaic in the Church of Sant'Adriano, in San Demetrio Corone, Italy. According to the myths, a charming emperor was turned into a snake by the Dragon of Kaulon. This two-dimensional mosaic is revived with bright colours and golden 3D elements. Adriano is part of the Bisanto collection, an ode to the rich history of Italy's Byzantine mosaics.
