Bisanto Pillows

ANTONIO ARICÒ

The Bisanto Pillows are 'secretly' inspired by real Italian masterpieces. Italian-born designer Antonio Aricò derived his inspiration from the mosaics of Ravenna in Northern Italy and Calabria in the south of Italy. He mixed these with his intimate childhood memories. The result of this unique combination is a collection of two-dimensional icons mixed with 3D elements bursting with glamour. Inserts are sold separately.

Detailing

The 3D elements in gold are a reminder of the decorative nature of Byzantine mosaics.
