Mixing Pixels Carpet

RUBEN DE HAAS

Mixing Pixels is a collection of carpets by Ruben de Haas. The collection results from his playful curiosity for colours and discovering new techniques. Each design is a recreation of existing carpets in the Moooi collection, but 'mixed' into another shape and composition. De Haas chose carpets made by designers he admires: Studio Job, Front, Kit Miles, Emma Larsson, Jae Yong Kim, Sjoerd Vroonland, Moooi, and Claire Vos. The collection comprises 12 designs in lively colours and abstract shapes.
