

The Killing of the Piggy Bank

MARCEL WANDERS

The Killing of the Piggy Bank represents a digital age of currency and the approach to extinction for physical money. The vase illustrates the exact moment the piggy bank is struck. The Killing of the Piggy Bank is produced at 'Royal Delft', the original producer of the beautiful Delft Blue ceramics since 1653.

Detailing

Royal Delft is the only remaining factory of ± 32 earthenware factories that were established in Delft in the 17th century.
